Forecast For Wales
Issued by Met Office Exeter
at 0400 on Monday 24 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Scattered showers today, locally heavy and perhaps thundery.

Today:
A showery start for many with scattered showers across the country, these locally heavy and carrying a risk of thunder and hail. Breezy in the south later. Maximum temperature 13 deg C (55 deg F).

Tonight:
Any residual showers soon clearing, leaving the country largely dry for a time. Further showers will move in from the north overnight, affecting northern and western areas. Minimum temperature 3 deg C (37 deg F).

Tuesday:
Many areas dry with bright spells but there is still a chance of further showers breaking out across the country, possibly heavy for some but fewer than Monday. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Sunny spells on Wednesday but a few showers are possible. Fine on Thursday but possible rain in west later. Outbreaks of rain on Friday. Temperatures gradually returning to average.
